Blast Radius – XMetaL was created by Blast Radius. It is a wonderful suite of products. The XMetaL suite consists of five powerful products designed to meet the combined requirements of business people, IT managers and developers in China and all over the world.

XMetaL simplifies the creation of critical business information and enables its fast and cost-efficient delivery to print, the Web and all other interaction points.

The market's leading XML content creation and collaboration product, XMetaL maximizes a company's investment in content development.

Jouve - Shanghai Unit 704 Han Xiao Road
 No. 1518 Min Sheng Road Pu Dong New District Shanghai, PRC
